

Avoiding Disconnection

If you receive a notice of scheduled disconnection, you must call Crow Wing Power at 218-829-2827 or 1-800-648-9401 immediately to apply for Cold Weather Rule Protection and fill out and return the Inability to Pay Form to Crow Wing Power. You will not be protected from disconnection if Crow Wing Power does not receive this completed form.

Your service will be subject to disconnection if you do not make the agreed upon payments. If you cannot keep your original payment plan, advise Crow Wing Power immediately. It may be possible to make a new payment plan and avoid disconnection.

The law provides for income verification, which may be requested by Crow Wing Power. You are automatically eligible for protection against disconnection if you are a recipient of any form of public assistance, including energy assistance but you must enter into a payment agreement and make timely payments.

Copies of the Cold Weather Rule are available at Crow Wing Power.

Cold Weather Rule Payment Plans

If you can't pay your entire bill and need to make arrangements, call Crow Wing Power at 218-829-2827 or 1-800-648-9401 to enter into a payment plan which is acceptable to both you and Crow Wing Power. The arrangement must cover the amount that is past due plus your current charges must be paid each month. The arrangement must be put on the Inability to Pay Form and returned to Crow Wing Power.

If you and a Crow Wing Power Representative cannot agree on a payment plan, contact Crow Wing Power prior to date on disconnect notice for appeal process and paperwork. Your service will stay on during the appeal process.

Third Party Notification

Crow Wing Power offers all members the opportunity to have a third party notified when their electric service is about to be discontinued. This program can be especially helpful for the ill, senior citizens, or those who live alone. The purpose of this program is to notify a third party, as well as the member, that a Notice of Proposed Disconnection has been sent.

A third party could be a friend, relative, church, or community agency. The third party receives copies of all disconnection notices mailed to the member but is NOT required to pay the bills. The third party is authorized to exchange information about the member and make a payment plan with Crow Wing Power on the member's behalf. This helps avoid the hardship that would result from disconnecting the member's service.

If you want to name a third party, please fill out the Third Party Notice form, and return it to Crow Wing Power.

Minnesota Cold Weather Rule

Notice of Residential Member Rights & Responsibilities

This brochure explains the Cold Weather Rule and the steps you must take if you cannot pay your bill or your electric service is scheduled to be disconnected.

The Cold Weather Rule does not forbid all winter disconnections. If you receive a Notice of Proposed Disconnection this winter, you must act immediately.

The Minnesota Cold Weather Rule

Each year, some Crow Wing Power members are unable to pay their electric bill during cold weather. If you can't pay your electric bill, please contact us.

The Minnesota Cold Weather Rule was established to protect residential members from electrical service disconnection between October 15 and April 15. Cold Weather Rule protection is available if all three of the following conditions exist:

1. **The disconnection would affect your main heating source;**
2. **Your household meets Cold Weather Rule payment plan guidelines;**
3. **You and Crow Wing Power agree to a payment plan.**

If you receive any form of public assistance, including energy assistance between October 15 and April 15, you are eligible for Cold Weather Rule Protection; **however, you must call Crow Wing Power with your specific information.**
