

# Low Voltage Technology Installer/Technician

**Join Our Team at People's Security Company!**  
**Proudly serving the Brainerd Lakes area for 37 years**

Are you motivated, tech-savvy, have construction knowledge, and are ready to build a career in the growing security and smart-home technology field? We are a trusted local leader in security cameras and systems and are looking for a dedicated team member to help us protect homes and businesses across the region.

## **Position Overview**

As a Security & Low Voltage Technician, you'll work hands-on installing and servicing:

- Residential & light commercial security systems
- Security cameras
- Home automation devices

We *will train you*—all you need is motivation, technical aptitude, and a willingness to learn!

## **What You'll Do**

- Install and service security cameras, alarm systems, and home automation equipment
- Use PC and networking skills for setup, troubleshooting, and configuration
- Document and maintain accurate installation records
- Support customers with system operation and technical questions
- Maintain confidentiality and demonstrate excellent customer service
- Utilize basic construction knowledge in daily work
- PLT licensure is a **plus**—but not required (we'll help you get it!)
- Stay current with evolving technology

## **Why You'll Love Working With Us**

- Family-oriented work culture
- Monday–Friday schedule—enjoy your weekends!
- PLT license training **provided and paid for**
- Work in beautiful **Brainerd, MN**, a year-round destination for outdoor recreation and family fun

## **Compensation & Benefits**

- Competitive wage: **\$23–\$27/hr**, depending on experience
  - Paid vacation, sick time, and holidays
- Medical, dental, life insurance, HAS, 401(k)
  - Short-term & long-term disability

## **Ready to Apply?**

**Position open until filled.**
