Ease into a Smart Home with Gadgets >>>

With winter setting in and the pandemic, we know that the next few months we will be spending more time indoors. We wanted to share with you some small gadgets that you can add to your home to make it smarter and save you energy and money.

These gadgets can allow you to control devices from an app on your phone or through a smart home hub, or a voice-activated assistant like Amazon Alexa, Apple Siri or Google Assistant.

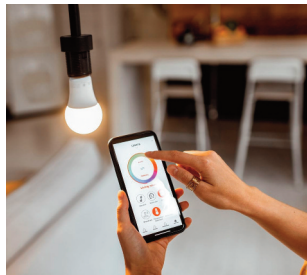

Smart Plugs

What is a smart plug? It is a plug that fits like an adapter between your ordinary electrical outlet and the appliance you wish to plug in. Smart plugs can be purchased anywhere from \$18 - \$50, and come with an array of features like

voice command, energy monitoring, or scheduling. There are also outdoor smart plugs that can control holiday lights and really save you money when used with an engine block heater.

Smart Light Bulbs

An ordinary light socket can turn into a smart socket with just the change of a bulb. You can control an LED smart bulb with a smartphone app or your smart home hub, leaving no light accidentally turned on or easily turning on lights as you enter a room. Prices for smart bulbs range from \$7.99 - \$50.

Programmable Thermostats

Last, but certainly not least, a programmable smart thermostat seems like a no brainer for a homeowner looking for some more control.

Depending on your needs and features desired, these app-enabled smart home devices make it possible to adjust your thermostat from your phone or voice command apparatus whether you are home or away.

Prices range from \$99-\$250, which according to Nest Labs, can pay for themselves in as little as two years with energy and cost savings.

Rebates

We have rebates for LED smart bulbs and a \$20 rebate for smart thermostats on our website at

cwpower.com under membership/residential rebates and discounts.

There are things to consider when purchasing smart devices. Make sure they are compatible with the voice activated assistant you use if that's what you want to use to control it, or your smart phone or smart home hub. You'll need a strong Wifi connection. (Currently most use 2.4 GHz frequency.)

We recommend product comparisons before purchasing by using websites like www.CNET.com or www.techhive.com. We also want to encourage our members to protect their smart home by securing your Wi-Fi Network, managing your account passwords, and enabling two-factor authentication.

2021 Calendars Available

We had many breathtaking scenic photos submitted by our members for this year's calendar contest. Choosing winners, from the many photos submitted, proved to be a difficult task.

The calendars are now printed and available. Because our lobby is closed, you can pick one up at our drive through at our main headquarters on Hwy. 371 North of Brainerd. Or, if you need to have one sent by mail, we offer one per household while supplies last and \$2.00 per additional calendars. For mailing options go to cwpower.com.

Thank you to all who submitted photos.

2021 MEMBERS' PHOTO CALENDAR

A WORD FROM YOUR CEO

Planning for 2021 >>>

In late fall we start to prepare for the next year's budget and with this year's changes and uncertainties, it's been a little more challenging to plan for 2021.

This year we experienced higher than projected kilowatt hour sales and lower than budgeted interest expenses due to favorable interest rates, thus the member-wide credit given on November electric bills. Next year, we could see a year much the same as this one, or we could have a year that returns to normal.

Our Accounting Manager stated when we began our budget meetings, maybe we need a Magic 8 Ball.

For next year we felt the need to budget for a normal year, knowing that we must remain flexible. Storm expenses were down this year, but we know that's not always the case.

This year's activities, like the annual Washington Youth Tour for high school juniors and the bi-annual Basin Bus tour, were cancelled, but we budgeted some dollars going forward.

We continue to invest in our youth with the college scholarship program, however those dollars come out of unclaimed capital credits and not the Crow Wing Power budget.

This year we constructed a training facility for our outside crews. It allows for more efficient in-house training and more accurate testing of our equipment.

The Member Appreciation Day did not happen this year, but we need to set aside some dollars for a similar event or for alternative activities if we are able to do so.

We're hopeful 2021 will allow us to implement some new offerings and services for members. We are testing a pre-paid program, where members would be able to pay as you go for electricity. We are working on an Electric Vehicle (EV) charging program using results and feedback from the EV pilot program. An online billing questions chat program is being explored as well, to better serve members.

Our three year system-wide meter upgrade project is complete and we're seeing the benefits and efficiencies plus the ability for members to see near real time electric use data.

We are taking advantage of savings in certain areas, such as interest on debt to offset increases in other areas.

Wholesale power costs are projected to remain stable or decrease slightly for 2021 and at this time the proposed budget doesn't appear to need any rate increases for next year.

The Board of Directors will review the budget and it's their fiduciary responsibility to approve the final budget in December.

I'll keep you informed,

Bruce L. Kraemer, CEO

Board Meeting Highlights

Crow Wing Power's Board of Directors conducted its regular monthly meeting Thursday, October 15, 2020. A quorum of directors was present.

President Bob Kangas opened the meeting with the Pledge of Allegiance.

The following reports were given:

- CEO report
- Finance Committee Report

The following actions were taken:

The Board approved

- October Consent Agenda.
- Minutes of the September 17, 2020 regular board meeting.
- Member Bill Credit
- Basin Electric Fixing Member Proposal
- Director expense reports for September 2020.

Members can review detailed minutes at cwpower.com/board-and-meetings or by logging into their SmartHub account. Log in is located on the homepage of our website. November minutes will be published after approval in December. The next board meeting is December 17, 2020.

Member Privacy – Red Flags Rule >>>

As many as 9 million Americans have their identities stolen each year. As a result of that startling statistic, the Federal Trade Commission developed a regulation called the "Red Flags Rule". The rule requires businesses to develop a program to detect, prevent and minimize the damage that could result in identity theft.

The Rule applies to "financial institutions" and "creditors." Under the Rule, the definition of "creditor" is broad, and includes businesses or organizations that regularly provide goods or services first and allow customers to pay later. Examples of groups that may fall within this definition are utilities, health care providers, lawyers,

accountants, and other professionals, our electric utility and telecommunications companies.

Some of the benefits from the Red Flags policy are:

- Only you will have access to your account information.
- New electric accounts cannot be setup under a fraudulent name.
- Fewer accounts with balances owing the co-op are being written off since less accounts are set up under fraudulent names.

Remember to Claim Your 2020 Rebates >>>

Last year, Crow Wing Power invested \$106,370 in rebates and incentives to entice members to conserve energy and this year we are on track to similar numbers. As of the end of October, we had processed \$102,103. If you've purchased any items that count toward a rebate, please get the rebate forms into us by year end.

Be sure to contact us about rebate availability and program details before committing to a purchase based on your anticipated rebate. Important details and forms can be found at our website at <https://cwpower.com/residential-rebates-and-discounts>. Contact us at info@cwpower.com or call Member Service at 218-829-2827 or 1-800-648-9401.

Let's Start Cookin' >>>

This is our last recipe. It's been fun!!
Thank you to all that have participated!

Black Bottom Cupcakes

Renee Boesen, Pillager

- | | |
|--|---------------|
| Cream together 8 oz of cream cheese and set aside. | Mix together |
| 1 egg | 1 1/2 c flour |
| 1/3 c sugar | 1/3 c oil |
| 1/8 tsp salt | 1 c sugar |
| 6 oz chocolate chips | 1tbls vinegar |
| | 1 tsp soda |
| | 1/4 c cocoa |
| | 1 c water |
| | 1 tsp vanilla |

Fill lined cupcake holders 1/2 full with the chocolate mixture, put a spoonful of the cream cheese mixture on top. Bake at 350 for about 20 minutes, don't over bake.

>> "Anything is good if it's made of chocolate!
This cupcake is gooey when still warm. Delicious!"

Win \$25 off your electric bill >>>

Complete the word find puzzle below, clip and send entire coupon back to us by January 15, 2020. We've sized it to fit in your billing payment, so you can save a stamp. If you'd rather, you can send it separately to Crow Wing Power, PO Box 507, Brainerd, MN 56401. Attn: Puzzle or scan and email to info@cwpower.com. The winning entry will be drawn on January 15.

Our winners for the last puzzle: Janet Rasmusen, Motley, MN
